

CAMBRIDGE STREET UNITED CHURCH

Lindsay, Ontario

Dated: 21 September 2021

PROOF OF VACCINATION AGAINST COVID-19

As of September 22, 2021, the Ontario Ministry of Health has mandated that people that use indoor areas for meetings and event spaces must show proof of being fully vaccinated against COVID-19. This includes all groups that rent and use rooms for indoor meetings and events at Cambridge Street United Church. It also applies to internal church groups, Council and Council Teams that hold their meetings inside the church building. This does not apply to Sunday worship services, weddings or funerals.

This mandate applies to all adults and youth aged 12 and over. It also does not apply to people under 12 (who cannot yet be vaccinated) and those with clear medical exemptions.

As part of our revised Covid-19 Rental Addendum, one representative from each renter/user group is responsible for ensuring that individuals from their group that are coming to the church for an indoor meeting/event, have been fully vaccinated against COVID-19.

We ask group reps/contacts to sign and date below stating that they have seen proof via receipt from the Ontario Ministry of Health of full vaccination against COVID-19 (2nd shot) from each person in their group. If new participants join your group after signing and returning this form, please complete and date a new one once you have proof that they have been fully vaccinated.

This signed form will be placed in a file at the church. The church does not need a record of the names and vaccination status of your group participants, but we ask that each group rep/leader keep a record.

I, (print name) _____ a representative/leader of the
group _____

attest that I have seen proof (by means of a printed document or email from the Ontario Ministry of Health or equivalent from another Canadian provincial health ministry) of each participant (adults and youth aged 12+) of this group and that they are fully vaccinated against COVID-19.
