

UCW Reflections

Cambridge St. United Church UCW Newsletter, September 2026

Hello from Sharon

Welcome back! I hope you enjoyed time with family and friends over the summer months. It's hard to believe the fall rummage sale is only a few weeks away. Planning is also underway for Joys of Christmas and for decorating the church for the Christmas season.

We have all seen organizations and businesses adjusting how they operate to survive changing times. Churches are experiencing changes and so is the UCW. It is my highest priority to ensure that the Cambridge St. United Church UCW evolves in a way that ensures our continued success. This is important to provide a means for women to be part of a UCW community at church, ensure volunteer roles are filled and maintain our financial contributions to our church and the charities we support.

I am excited to introduce my Rooted in History, Growing into the Future project. Over the next few months, this project will include a survey, communication plan, looking at an online presence and developing a plan to introduce and manage changes.

The first step will be a survey asking for your input. I look forward to hearing your thoughts. I will be away for our October meeting so will be sharing results and next steps with you at our December meeting.

Feedback, Questions?

Sharing my contact information with you – shrnrtracy@gmail.com or 705 928-6818.
